

Thursday, Jan. 28th	
<i>Until 18:00</i>	<i>Arrival and registration</i>
<i>18:30 – 20:00</i>	<i>Dinner</i>
<i>20:00 – 22:00</i>	Poster Session I with <i>welcome cocktail</i>
Friday, Jan. 29th	
<i>8:00 – 9:00</i>	Young Scientists: meet the editor; what are scientific journals looking for?
9:00 – 10:30	Session 1: Autophagosome formation (chair S. Eimer)
11:00 – 12:00	Session 2: Perturbation of vesicle trafficking by bacterial toxins (chair K. Aktories)
<i>12:30 – 13:00</i>	<i>Lunch</i>
<i>13:00 – 17:00</i>	<i>Ski Break / proteomics work shop</i>
17:30 – 19:00	Session 3: Mitophagy in ageing and disease (chair J. Dengjel)
<i>19:00 – 20:00</i>	<i>Dinner</i>
<i>20:00 – 21:00</i>	Keynote Lecture
Saturday, Jan. 30 th	
<i>8:00 – 9:00</i>	Young Scientists: how to choose a good lab for a postdoc and career planning (academia and industry)
9:00 – 10:30	Session 4: Autophagy and translational medicine (chair T.B. Huber)
11:00 – 12:00	Session 5: Autophagy and ageing (chair G.M. Fimia)
<i>12:30 – 13:00</i>	<i>Lunch</i>
<i>13:00 – 17:00</i>	<i>Ski Break / electron microscopy work shop</i>
17:30 – 18:30	Session 5 (continued)
<i>18:30 – 20:00</i>	Poster session II
<i>20:30</i>	<i>Conference Dinner</i>
Sunday, Jan. 31 st	
9:00 – 10:30	Session 6: Molecular mechanisms of autophagy (chair F. Madeo)
<i>11:00 – 11:30</i>	<i>Closing remarks and farewell coffee</i>
